INDIA

Dear Berli, SS. Ranchi, 26. 10. 33.

We are now in the Red Sea, beautiful weather not too hot. I am always well up. I write very often at home and I wrote too, that they shall give you my letters to read, if you call upon me and if you like. I am not lazy, but I would not have the time, to write all my impressions down, otherwise I would write the whole day and see nothing. I beg you, not to ~~be angry~~, that I neglect you, ~~think~~ you will understand, that this is, with many regards, the most convenient solution. In this sense I send you, dear Berli, my best greetings
