I have examined the following stamps from:

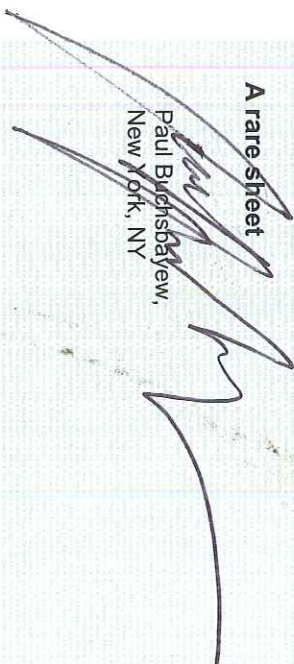

ISRAEL

1948 Doar Ivi Issue, 1,000m black blue (Scott's No.9),
imperforate sheet of 50, with tabs at bottom, Plate No. "1",
serial No. "18", unused with full original gum, never hinged.

In my opinion, this sheet of 50, of which a reduced color scan
is attached, is genuine in all philatelic respects. The stamps
are affected by climactic toning, with creasing and tear at top,
some thin spots and fingerprints.

A rare sheet
