

# GEOFFREY FLACK TIBETAN STAMPS AND POSTAL HISTORY OPINION

Date: February 3, 2007

Number: 1361

In my opinion the five Tibetan stamp illustrated on the right are genuine mint 1 Trangka stamps all distinctive printings including 1) Shiny enamel printing in Deep Carmine – a VF copy, but the ink was totally unsuitable for fine printing. 2) A Carmine printing in the colour of the 2/3tr (See Waterfall 2<sup>nd</sup> Ed. Page 78). Condition for the most part Fine.
