Introduction

Ricky Verra
Philatelist

Dear collector and client,

It gives us great pleasure to present our latest auction catalogue of Olympics and Football philately and memorabilia, which has brought together fantastic specialised collections from several vendors to produce this highly attractive offering of Olympics that I'm sure will have something of interest for every collector, no matter how seasoned!

The sale features over 1'100 lots. Sections of note in this catalogue include material from a collection of Pierre de Coubertin, 1896 and 1906 Athens with many rare and showpiece items for the connoisseur, 1912 Stockholm with a large selection of the rare STADION cancels, 1924 Paris with a range of the attractive and collectable proofs, specialised football related items throughout (Olympic and World Cup), plus participation medals, torches, posters and other memorabilia, as well as many collections and accumulations.

So we trust you will be able to find something to add to your collection, and we wish you success with your bids and satisfaction with your purchases.

At the time of printing, the COVID-19 situation is still affecting people's daily lives and for those who may think of coming for viewing at our offices in Geneva I invite you take a look at our recommendations on page 5 of this catalogue, and to of course keep us informed of your plans so we can accommodate everyone safely as long as it is possible to do so.

Finally on a sad note, we remember Manfred Bergman who passed away not long before going to press. His passion and knowledge of Olympic memorabilia and philately was unquestionable and will be missed. Our thoughts are with his family.

A handwritten signature in black ink, appearing to read 'Ricky Verra'.

MANFRED BERGMAN (1928-2020)

Olympic Philately has lost its leader.

A very sad passing for his wife Daniëla and all the members of his family to whom we send all our sympathies.

You might have named him the 'Julius Caesar' of Olympic Philately because of the force of his personality and his laudable achievements, or rather the 'Alexander the Great' since it all began in ancient Greece. Perhaps 'Manfred the Great' says it all.

I first met Manfred as one of my very first philatelic contacts in Geneva when I settled there in 1973. We became good friends and he introduced me and guided me or rather schooled me deep in the field of Olympic Philately. I am not an easy pupil by nature, nor Manfred an easy master, so the relationship was often full of fire. However that energy brought many positive results. David Feldman SA began

its own specialized auctions for Olympic material firstly with the offer of the wonderful Caruso collection followed by many other big names in the field – Pellegrini, Canepa etc. Success was to a great extent due to the support and guidance of Manfred.

Thanks to the warm and trusted relationship he had with Juan Antonio Samaranch, President of the International Olympic Committee, he worked together with Maurizio Tecardi and he initiated the idea of a philatelic room at the new Olympic Museum in Lausanne. It became known as the Philatelic Museum and was a great force in promoting and expanding Olympic philately throughout the world. His work at international exhibitions, especially setting up special Olympic "side-show" exhibitions during various Olympic Games was remarkable, besides the many shows and bourses he organized at the Olympic Museum grounds in Lausanne and elsewhere.

Aside of caretaking and curating the museum collection, Manfred built an extraordinary personal collection with emphasis on the 1924 Paris Games for which he built an award-winning exhibition collection.

Most significant of all, in my opinion, is the fact that Manfred was a great scholar in the field, probably the most knowledgeable and talented. His work on the various cancelled Games was the most important ever researched and in his honour and as a personal tribute to him we hope to present the massive information on the 1912 Games never published before. He cared and showed interest everywhere there was activity for Olympic philately. We have not just lost the leader but it is unlikely that anyone can ever take his place.

1920ca. "The Runner" fine bronze by Edouard Fraise, figure of a runner in mid-stride, the rectangular base inscribed "E.Fraise" (52 cm high), unusual & scarce

Note: Edouard Fraise, sculptor and engraver of medals, was born in Beaune on 14 May 1880, and died in Paris on 13 of September 1945; he was made a Chevalier de la Légion d'Honneur in 1929. Benezit states that he was known "above all for compositions inspired by sport"

Athlete in bronze performing the Olympic salute, made by Muller CH and signed by artist, 49cm tall, mounted on bronze plinth 17.5cm x 23.7cm, right arm shows cracking in the arm, an attractive showpiece

400

Note: In this Olympic salute, your right arm should be held out, slightly to the side, and pointing in an upward angle. Likewise, your palm should be out and your fingers touching. The Nazi salute is more or less performed the same way, except it is customary to hold your arm straight in front of you, instead of partially to the side. As you might imagine, the Olympic salute fell out of favour after WWII. Despite this, the International Olympic Committee hasn't yet replaced it with a different salute, even if nobody would dare use it any more for fear of being misinterpreted.

**30c Postage Due Stamp**

When the sender didn't paste the 15c stamp at 22-23 or 24 Mai 1928, the post-officer put the postage due stamp with the double tariff on the mail and the addresser had to pay!

Villages got the small number of stamps. When the 15c was sold out, they cut a 30c postage due stamp in two as here: "TRAMAGAL" at 24.MAI.1928

Grain

23.MAI.1928

25.MAI.1928 The sender forgot to post-paid the cover with the 15c charge-stamp. He only pasted a 40c Céres on back, which has fallen off. Part of the cancel "Ribeira de Pena, 23.MAI.1928" is still visible. "GRATIS" in mirror writing can suggest the Post did accept the cover for sending. The cover shows a "T" in circle and by blue pencil "30" as tax indication. Arrival cancel "Chaves, 24.MAI.1928" on back. The addresser accepted the postage due of 30c: "Chaves, 25.MAI.1928".

Foot-note: In spite of the cover is sadly battered, such mail is extremely seldom. Outside some covers from big cities as Porto and Lisboa, it is the only one known cover of a small town (in Northern Portugal, near Spanish frontier).

1912 Stockholm Olympic Games

The complete set of 16 posters

The unique set of the 1912 Stockholm Olympic Games poster in all sixteen languages

History

On 27 June, 1911, the Swedish Olympic Committee met to adopt a design for the official poster to promote the 1912 Stockholm Olympic Games around the world. They determined to accept an artwork sent in by Swedish artist Olle Hjortzberg, of the Royal Academy. A design by Thorsten Shonberg came as runner up, and a proposal by Axel Törneman was placed third.

Hjortzberg's design, which had been sent to the Committee in 1910, was slightly altered to represent the "common goal of the Olympic Games", instead of the originally intended "march of the nations", depicting each athlete waving a flag. The motive of the poster, while its artistic merits have been universally acknowledged, was criticised from both an advertising and a diplomatic points of view.

It was said then that Shonberg's design, representing the entrance of a marathon runner into a festively decorated stadium, would have been far more effective, and that the order of various standards shown in the chosen poster might awake discontent and give rise to unnessesary disputes. Moreover, in several public places outside Sweden, the poster's exhibition was categorically forbidden for moral considerations. Particularly, in China, the Postamster General prohibited its exhibition as "being offensive to the Chinese ideas of decency", and in Holland, a poster hanging at a railway station was confiscated as being "in the highest degree immoral".

The poster was printed by A. Börtzells Tr. A. B., Stockholm in seven colours and with a size of 74.5 cm x 107 cm. The artwork was also used for an advertising stamp, a pamphlet and the general programme.

Note: images are for illustration purposes and are not of the actual posters

Description

1912 Official Posters for the Stockholm summer games. This being the only known complete set of sixteen posters in private hands, each 75 x 106cm (29.5" x 41.7"), designed by Olle Hjortzberg, Swedish Professor at the Royal Academy of Fine Arts and printed by A. Bortzells, Stockholm, depicting nude young man waving flags of all he participating nations.

The sixteen posters come in the following languages: English, German Swedish, French, Russian, Spanish, Dutch, Italian, Portuguese, Finnish, Hungarian, Japanese, Turkish, Greek Bohemian and Chinese which happens to be the rarest as only 350 were printed.

Due to the age and size of the posters all have small minor faults including creases and tears. An important and unique opportunity to acquire a piece of Olympic history

(It is understood that there are only two other complete sets both being in museums)

Conditions of Sale

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. The auction lots are offered

1.1 As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2 As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. Auction bids

2.1 The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

€ 50 - 100:	€ 5	€ 2'000 - 5'000:	€ 200
€ 100 - 200:	€ 10	€ 5'000 - 10'000:	€ 500
€ 200 - 500:	€ 20	€ 10'000 - 20'000:	€ 1'000
€ 500 - 1'000:	€ 50	€ 20'000 - 50'000:	€ 2'000
€ 1'000 - 2'000:	€ 100	€ 50'000 - 100'000:	€ 5'000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2 DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3 Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.

2.4 Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked "BUY" are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that currency at the market rate of the day of receipt by DAVID FELDMAN S.A.

MAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. The auction

3.1 Unless explicitly stated otherwise, the currency of the auction is Euros. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

3.2 Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auctioneer, it maybe withdrawn from sale and the auction offer cancelled.

3.3 Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4 Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. A buyer's premium will be added to the knock-down price per lot and is payable by the buyer as part of the total purchase price. The buyer's premium is 22% of the knock-down price up to and including €50,000 and 20% on any amount in excess of €50,000. Cost of postage will be invoiced separately from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 7.7% of the purchase price in Swiss Francs at the converted British pound value during the auction. It is the buyer's responsibility to pay any relevant duties that may be incurred upon import to other jurisdictions.

3.5 Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer. Title

or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6 Special extended payment facility: DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer may choose to pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 6 months, paying an equal instalment at the end of each month. Interest plus charges of 1% is debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7 Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. Guarantee

4.1 Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A.. If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extension will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2 Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently, the marking "FALSCH" (forged) is not considered an alteration. In the

case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

4.3 Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4 Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of at least 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5 Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss franc value at the time of the auction.

6. All Transactions:

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA.

Note: If these Conditions of sale are translated into one or more other languages, the English translation shall be the official version and shall prevail over all other translations.

Please note: Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning or minor stains and small mends along the edges. They are to be expected and are not always described, and are not grounds for return, nor are factors visible in the illustrations. We will gladly provide full-size scans on request.

Prrière de noter : De légères traces d'usures, défauts au rabat, de légères réductions sur un côté et des plis d'archives sont des caractéristiques normales pour des lettres du 19ème siècle. De légères améliorations au niveau de la propreté ainsi qu'un éventuel ajout de quelques renforts sont également acceptables et ne figurent pas nécessairement dans les descriptions. Ces points ainsi que tous les éléments visibles au niveau de l'illustration ne peuvent par conséquent pas être sujets à réclamation. Des scans supplémentaires d'une pièce peuvent être envoyés sur simple demande.

Bitte beachten: Leichte Eckabnützungen, Mängel der Absenderklappe, leichte Reduktionen an einer Seite und Archivierungsbügel sind als normal für Briefe des 19. Jhdts. anzusehen, ebenso gelten als «normal» leichte Reinigung, kleine (minimale) Stockflecken oder Risse und Bügel entlang der Briefkanten - diese sind zu erwarten, zu akzeptieren und nicht immer beschrieben (zumeist aber am photo und/oder scan ersichtlich) - diese stellen daher keine Grundlage für Retournierungen dar, ebenso wie auf den photos resp. scans klar ersichtliche Faktoren - Fotos und scans sind immer auch Teil der Beschreibung. Im Zweifel können Sie von uns VOR DER Auktion jederzeit Photokopien oder besser auflösende scans verlangen und werden wir Ihnen diese gerne zusenden bzw. mailen.

Keep your collection alive

The digital solution: Museum of Philately

A modern presentation of collectors, their collections and their rarities via the latest internet technologies

Through our auctions, which have spanned for over forty years, we have presided over the dispersal of hundreds of Grand Prix and Large Gold Medal collections, formed by collectors with the passion and resources to pursue their chosen fields over decades or even a lifetime. Thus, the idea was spawned to create deluxe publications and an on-line museum as additional services to eternalise a prized collection, allowing it to live on once it has been sold, thereby preserving it for future generations.

By consigning a Grand Prix or a Large Gold Medal collection with us, make yourself eligible to participate in both the Great Philatelic Collections programme and the Museum of Philately digital application. These tools will allow you to immortalise your collection and, ultimately, to share your achievements in the world of philately with your loved ones and with the rest of the world.
