EXTREMELY IMPORTANT FIRST ISSUE THREE COLOUR FRANKING

30'000

1859 (Sep 26) Complete folded letter (in English) from an English merchant in Bogota to his brother in HAMBURG, with 5c and 20c tied together on face by "9." hs, with pair of 20c plus 10c tied together on reverse by same, sent via the English mail with British P.O. Cartagena bs (dated OCT 10 / 1859) and London transit (Nov.1) plus Hamburg Prussian mail bs (St. P.A. / 4 Nov. 59), ms "2/8" (2sh8d) rated in London plus ms "46" (schillings) in red crayon on arrival, all stamps with ample to huge margins, very fine

Nothing comparable is known for its multicolour franking and rare destination. Ex Langlais and Hackmey; it escaped the grasp of other famous collectors of Columbia such as Londono, Hubbard and Goeggel, and is in a special class all its own - a true world-class rarity.

The double weight Colombian franking (75 centavos) paid for the internal transit from Bogota via Honda to Cartagena (25 centavos) plus 50 centavos for maritime postage, and was given to the British Consul in Cartagena for onward transmission. Note small m/s "2" on reverse confirming 2nd echelon of weight. The use of the British post was necessary as Colombia did not then have a postal convention with Prussia. The "46" applied at the Prussian postal agency in Hamburg represented all charges for a double weight letter from Carthage, incl. the British charge.

The cover was carried from Cartagena to St. Thomas by the ship "Solent" on Oct. 10 and was transferred to the "La Plata" which carried it to Southampton - both steamboats of the Royal Mail Steamship company.

One of the most important First Issue covers from anywhere in South America

THE ROYAL AIR FORCE DESERT AIR SERVICE

1919-1925 Exhibition collection neatly mounted and knowledgable written on 121 album pages, this collection traces the development if the RAF's military air services in the Middle East after the British Governments Colonial Office conference of March 21 held in Cairo.

The exhibit is illustrated in chronological order under four main sections:

- 1) RFC & RAF Special & Emergency Airmails Flights - June 1917 - July 1921 (10 pages)
- 2) Proving Trial Air Services Carrying Official Only Mail - July to October 1921 (4 pages)
- 3) Regular Airmail Services to and from Iraq - October 1921 to December 1926 (100 pages)
- 4) Imperial Airway Takes Over the Air Mail Services from the RAF, January 1927 (4 pages)

The strength and value is in the Special & Emergency Airmails Flights which were prior to the regular airmail services, nevertheless, the rest of the collection is wonderful in it's scope of frankings, usages, origins and destinations, an excellent basis for study and expansion

Emergency Air Mail During the Period of Civil Disturbances March – May 1919

This emergency air mail service lasted for 48 days with four hastily manufactured handstamp used to signify that the mail was flown and that no postage was payable.

BASE ARMY POST OFFICE L 23 AP 19 Z

This B.A.P.O. was housed in the old Bourse Building near the Egyptian General Post Office in Alexandria and was opened on 5 April 1915, closing in April 1920.

The handstamped cachet above, this type 3 was in use as from 5 April to 4 May 1919 at Cairo.

Flown by No 111 Squadron De Havilland DH-10 aircraft from Alexandria to Ramleh, Palestine, then to destination at Haifa by surface transport.

Reduced colour scan of reverse to show partial receiving c.d.s. of Forces Post Office, G.M.I. dated 26 April 1919, issued to the 1st Echelon, Egyptian Expeditionary Force stationed at Haifa, Palestine.

Official records state that 120 items of mail were carried on these emergency flights, with 5 items recorded to destinations outside Egypt, Palestine and Iraq.

One of the few officially recorded covers with this type 3 boxed handstamp now known.

53201ex3

Emergency Air Mail Services Due to the Arab Revolt May 1920 – July 1921

Serious tribal conflicts and disturbances broke out in May 1920 between the Shi'a and Sunni sects in the holy centers of Najaf and Kerbala. By July this Arab Rebellion was countrywide and caused great disruption to the postal services within Iraq and to all other mail routes and services outside the country. On 29 July 1920 all surface mail routes both in and out of Baghdad were cut off and an air mail service was instituted by the RAF to the outlying centers within Iraq and to Cairo with official mail.

F.P.O. No. 61 28JUL20

Forces Post Office No 61, Indian Forces Stationary Post Office situated on the Right Bank, Baghdad, open between 16 August 1917 and 5 February 1922.

Beside the circular datestamp applied to the rear, a circular "M 676" handstamp has been applied signifying official military mail free of all postal charges, in this case "On Active Service" from the "Base Military Prison" situated on the Right Bank in Baghdad.

Reduced colour scan of reverse to show the Forces Post Office circular datestamp and censor's handstamp "M 676".

Very few recorded items of official "OHMS" and military mail marked "On Active Service" written during this period of civil unrest flown by the Royal Air Force, No 36 Squadron aircraft between Baghdad and Cairo on this emergency air mail service.

53201ex4

Emergency Air Mails Due to Unrest & Riots by the Arab Population May 1920 – July 1921

The RAF Squadrons based in Egypt and Mesopotamia were pressed into flying only official "OHMS" and "On Active Service" correspondence due to the conditions prevailing during this revolt. Much of the mail was from servicemen and was carried free of postage as allowed by the Military Concession Regulations. Mail had to be handstamped with the circular "M" cachet and was carried on the air service as a priority and as space permitted.

F.P.O. No. 135 4 NOV.20

Forces Post Office No 135 was a stationary office situated at Khidhr, Iraq and was opened on 6 July 1919 and closed on 4 December 1920.

Letter travelled to Baghdad from Khidhr, Iraq via surface transport and then air service to Helipolis air station, Egypt and on to Port Said via road and rail to be placed onboard the P&O regular mail steamer for the United Kingdom.

Reduced colour scan of reverse to show sender's address and c.d.s. backstamping of F.P.O. 135, dated 4 November 1920.

As letter writing paper and envelopes were in short supply many of the service personnel resorted to what they could find to use for letters to family and friends. In the case shown an overprinted captured Turkish postal stationery registered envelope has been utilised.

Postage was not required as the letter was 'free' of postal charges under the Military Concession regulations.

53201ex5

Emergency Air Mails Due to a Revolt by the Arabs in the Region May 1920 – July 1921

Many of the major centres such as Magli, Kirkuk, Ramadi, Kut and Basrah were serviced by these emergency flights carrying essential supplies and mail to and from the outlying centres and Baghdad. Only official "OHMS" and serving military personnel "OAS" mail was carried on the flights.

ASHAR BARRACKS 1 JAN 21

Pre-stamped envelope with U.K. 2d orange adhesive to pay the surface letter rate (U.K. to Iraq).

Front has received the 24mm circular handstamp in black ink "M, 922".

Letter posted at the civilian Post Office attached to the Ashar Barracks, Basra during the revolt period and carried by air to Cairo from Baghdad under the military concession rules, free of charge.

Adhesive is perforated with an inverted lettering "COX"

MA'QIL (IRAQ) 11 MAR 21

"On Active Service" envelope has received the large "M" with no 1355 beneath, to signify that the letter is of official nature from a member of the serving armed forces and is to be posted free of postal charges and fees under the military concession rules.

Cover travelled from Magli to Baghdad via Kirkuk and then on to Cairo via this emergency air service. Transferring by surface to Port Said to be uplifted by the regular P&O contract mail service to the United Kingdom, arriving at the recipient's address in Fleet during April 1921 (see manuscript notation at left front in pencil).

Backstamped on reverse Ma'qil c.d.s. dated 11 MAR 21.

EXTENSIVE AND SPECIALIZED COLLECTION ON THE WATERBURY CANCELLATIONS

53358

Introduction: The creator of the Waterbury cancellations, John W. Hill (1834-1921), moved with his family to Waterbury CT. at an early age. As a young man he became an apprentice as a die sinker. The outbreak of the civil war disrupted whatever plans he may have had but then he returned to Waterbury where he found work in the local post office. His duties as postal clerk may have been proven boring and he probably preferred his passion for whittling. Combined with the plain and uninteresting cancellations used by the Waterbury post office at the time, this motivated him to create a wide assortment of figures and designs while working as a postal clerk. He continued his carving, even after his promotion to the position of postmaster in 1870. The different designs were motivated by various events he experienced, for example the Elephants were in 1866 were occasioned by the arrival of the circus in the Spring of that year. Cancellations are ordered in 18 groups lettered A to S as per the Paul C. Rohloff book.
