*I have examined the following stamp from:*

**RUSSIA**

1857 10k brown & blue imperforate (Number One of the Country), thin paper, ample margins all around, canceled by indistinct oval dots.

In my opinion, this stamp, of which an enlarged color scan is attached, is genuine in all philatelic respects. **It is impossible to determine the numeral of the cancelation.**

The stamp is free of any defects at time of examination.

**This certificate is invalid without raised seal over the scan.**
