Introduction

Marcus Orsi Chief Philatelist

Dear Collectors and friends,

It is with great honour and anticipation that we hereby present the second part of the Tatiana Collection of British Empire to the market. This catalogue has been produced in record time mostly thanks to the dedication and hard work of our support team.

More than 1'100 lots presented in this vast and valuable assembly with emphasis on Great Britain, Australasia and British Africa, plus a smattering of many other countries from Aden to Zanzibar, showing unused stamps, errors, varieties, specimens, die proofs, multiples and many rarities.

To help market and promote the collection to the British audience the auction will be held in Pounds Sterling. We will also hold a special viewing of all single lots and selected / requested large lots on November 27 at Adam House, 7-10 Adam Street, The Strand, London.

If you have a request to view a specific lot please contact ricky@davidfeldman.com and we will do our best to accommodate you.

David Feldman strives for excellence in lotting, presentation and production of every major property entrusted to us. We invite you to visit us in person or via the internet at www.davidfeldman.com to examine and determine those lots that may interest you. Note that practically all group lots are now scanned and viewable on our website. If however you wish extra scans please contact us at info@davidfeldman.com. Please bear in mind that, with only a few exceptions, the lots are offered without reserve, and at estimates you should find attractive.

We wish you success with your bids and satisfaction with your purchases.

Geneva, October 2015

1843 (Oct 12) Cover addressed to General O'Donnell, Captain General of Cuba, to sail from Cadiz, with 1841 2d blue plate 3 irregular block of twelve and 1841 1d red (plus another detached), sent from Dromore and tied by black Maltese Crosses, paying the 2s2d rate via Falmouth Packet.

According to Holcombe's certificate "The letter was sent via London...and Falmouth direct to Cuba, the rate of postage being the only indication of its ultimate destination where on arrival no further charge was made for the internal delivery.

"...The irregular block has been folded over the top and around the edge of the

lettersheet, which is toned by the climate and is splitting on the folds, these have been strengthened in places. A very rare lettersheet to a most unusual destination."

Probably the largest multiple of 1841 2d imperf on any cover going abroad and a great GB rarity

Note: In 1888 John Moffat established a runner post service from Mafeking to Bulawayo. The service commenced on 21 August though after this one day the word "Bechuanaland" was excised from the Tati and Gubulawayo datestamps in order to avoid offending the Matabele King Lobangula who had his headquarters at Gubulawayo and claimed the Tati area. COVER INNS QUAY, DUBLIN - USA CARRIED BY THE ILL-FATED "S.S. OREGON" FROM QUEENSTOWN, IRELAND, BUT SUNK IN THE ATLANTIC

March 14, 1886

The "S.S. Oregon", a 7500 ton Cunard liner, left Queenstown in Ireland on March 7, 1886, with 598 bags of mail, but was lost off Fire Island on March 14, 1886, due to a collision with a schooner. All on board were saved and 464 bags were recovered. But the salvage of mails was spread over many months and each bag recovered was apparently treated separately by the New York Post Office in that special labels were applied to salvaged covers, each bearing the date of handling at the Post Office.

eistered cover, posted at <u>Inns Quay, Dublin</u>, on March 5, 1886, to Petersburgh, Virginia Special N.Y.P.O. label, dated July 6, 1886. This is the only Irish cover known to have been salvaged from this ship accident.

41076	** * ©	WWW	1840-1960, The stamp addict's dream. This lot and the 14 lots that follow have been assembled from the mountainous hoard of a true stamp addict who just couldn't stop buying stamps until he ran out of money a while ago and decided to "kick the habit and let somebody else go crazy over his stamps". These dream lots represent better stamps selected from this seemingly endless holding of lots and collections. They are put into broad categories with rather sparse descriptions as they were consigned at the 11th hour. What they have in common is that they are pretty much "all wheat and no chaff", most in £50-1'000 range and are ideal for internet or mail sale, often with a good lot of identification work already done. We expect these lots would attract the attention off some of our man's fellow stamp addicts, so thorough viewing is recommended. This first lot is primarily mint with focus on later 19th century through the 1950's. Among the many many highlights, we note an impressive section of British Honduras with good sets to \$5 values good overprints, etc. Good specimens including 6d Jamaica unissued slave market. Hong Kong QV Jubilee short U variety and much much more	7'000-10'000

Some modern mint runs of some colonies and various loose material, these should be great for sellers of country and area lots in the £50-500 range, and can be broken down for that purpose with good profit potential. Conditions of Sale

The currency of the auction is the British Pound (£)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions in auction lots taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. The auction lots are offered

- 1.1 As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.
- 1.2 As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. Auction bids

2.1 The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than British pounds)

£ 50 - 100	£ 5	£ 2'000 - 5'000	£ 200
£ 100 - 200	£ 10	£ 5'000 - 10'000	£ 500
£ 200 - 500	£ 20	£ 10'000 - 20'000	£ 1'000
£ 500 - 1'000	£ 50	£ 20'000 - 50'000	£ 2'000
£ 1'000 - 2'000	£ 100	£ 50'000 - 100'000	€ 5'000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

- 2.2 DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.
- 2.3 Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.
- 2.4 Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked "BUY" are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. The auction

- **3.1** Unless explicitly stated otherwise, the currency of the auction is British pounds. Attendance at the Live Room auction is reserved for invited clients and/or their agents.
- 3.2 Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auction er, it maybe withdrawn from sale and the auction offer cancelled.
- 3.3 Bidders' representatives and auction agents; any per-

son bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4 Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. In addition to the knock-down price, the buyer pays a premium of 20% to cover commission charges and expenses including lotting fees, packing, and export formalities, etc. whether all incurred in particular cases or not. Cost of postage and insurance for all lots is additional and will be invoiced separate from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees including postage or shipping) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 8% of the purchase price in Swiss Francs at the converted British pound value during the auction

- 3.5 Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELD-MAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer. Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.
- 3.6 Special extended payment facility: DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer may choose to pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 6 months, paying an equal instalment at the end of each month. Interest plus charges of 1% is debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FEI DMAN S.A.
- 3.7 Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELD-MAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition. DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. Guarantee

4.1 Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the

notice of DAVID FFLDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period. the lots purchased may be examined at the Geneva offices. of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the quarantee. Such reclamation will not be valid by DAVID FELDMAN S.A., If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extention will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

- 4.2 Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors. to have been forged, he may mark it accordingly. Consequently, the marking "FALSCH" (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.
- 4.3 Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.
- 4.4 Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of at least 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.
- 4.5 Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the British pound is converted at its Swiss franc value at the time of the auction.

6. All Transactions:

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA.
