Keep your collection alive

The digital solution: Museum of Philately

A modern presentation of collectors, their collections and their rarities via the latest internet technologies

Through our auctions, which have spanned over fifty years, we have presided over the dispersal of hundreds of Grand Prix and Large Gold medal collections, formed by collectors with the passion and resources to pursue their chosen fields over decades or almost entire lifetimes. To complement the best collections, we have for many years published a series of traditional deluxe hard-back publications called the Great Philatelic Collections. To bring these collections into the 21st century, we created the online Museum of Philately. The Museum allows us to host many more collections via its website and dedicated Apps (both Apple and Google), and uses modern presentation technology to showcase the collections and their collectors, in a manner not possible by print.

Consigned collections from clients owning Grand Prix or Large Gold Medal exhibits are automatically added to the museum; these clients can also request a traditional printed publication.

The Museum of Philately allows you to eternalise your collection, and to share your philatelic achievements with friends and family, but also the rest of the world. Please contact us to have your prized collection added to the Museum.

Introduction

Dear Collector and Client,

It gives us great pleasure to present to you this specialised catalogue of Olympic Games and Football with 572 lots of philately and memorabilia.

The auction features many important items of Olympic philately, especially from the 1896 Athens, 1906 Athens and 1924 Paris Summer Games. This is an opportunity not to be missed for specialists to add these items to their collections with many of these showpieces not appearing on the market in at least a generation.

The highlight of the auction is the 1924 Chamonix gold winner's medal once belonging to Alfred Schläppi, a member of the Swiss 4-man bobsleigh team, along with his diploma, ID card and other ephemera. It really is a very rare opportunity to offer such an item with its provenance, with many of the 33 gold medals awarded at the Games now unattributed to their original owner or in institutional collections.

As usual the auction also features a wealth of Olympic stamp usages, varieties, cancellations, postcards, medals, with a significant amount of literature, paper memorabilia and ephemera all the way from books by Pierre de Coubertin, books from the library of Baillet-Latour, all the way through to publications from 1996 Atlanta, so we trust that collectors of all means and specialisations will be able to find something to add to their collections.

Please feel free to contact us to ask for condition reports, extra scans or even advice on enhancing your collection; our specialists are on hand to answer your emails and phone calls. We wish you success with your bids and satisfaction with your purchases.

Finally, we'd like to thank our many vendors for showing their trust in us to present their items and collections in the best way possible. We strive to maximise the potential of their lifetimes' work through our skills in research, lotting, describing and estimating by producing a catalogue worthy of displaying their philatelic treasures in their best possible light.

In order to prevent these stamps from being used in Greece to the detriment of the revenue during the 1897-98 Greco-Turkish War, orders were issued that all stamps still in the hands of the Greek Government should be overprinted with a special Treasury cachet to mark their validity. The cachet was normally applied to overprint four small stamps or two large ones. Later, in order to avoid confusion with used stamps, the cachet was applied to the backs of the stamps.

1924 Chamonix

30155A

1924 Chamonix gold medal awarded to Alfred Schläppi, member of the Swiss four-man bobsleigh team, in its original presentation box along with Schläppi's participant's diploma (framed), Swiss team Olympic Ring stick pin, his Olympic ID card, his Swiss S.L.L./A.N.E.P. ID booklet, official programme for the awards (Palmarès) (missing covers).

50'000 - 75'000

Medal: Created by the engraver Raoul Bénard and minted at the Monnaie de Paris, the obverse the medal shows an athlete raising their arms in a sign of victory, holding a pair of skis and a pair of skates, with a mountain silhouette in the background. The reverse bears an inscription on fourteen lines: "Chamonix / Mont-Blanc / sports d'hiver / 25 janvier - 5 février 1924 / organisés / par le / Comité Olympique français / sous le haut patronage / du Comité / International Olympique / à l'occasion / de la célébration / de la / Ville Olympiade". Marked on the edge with the hallmark of the Monnaie de Paris and "2 SILVER", weighing 77 grams.

Condition: Rim nicks, original patina.

Provenance: Acquired by the current owner directly from the Schläppi family.

Rarity: According to the official medal count, only 33 first place gold winner's medals were awarded. Several of which certainly now reside in institutional collections. This example being one of the very few in private hands with the provenance and documentation of who it was awarded to.

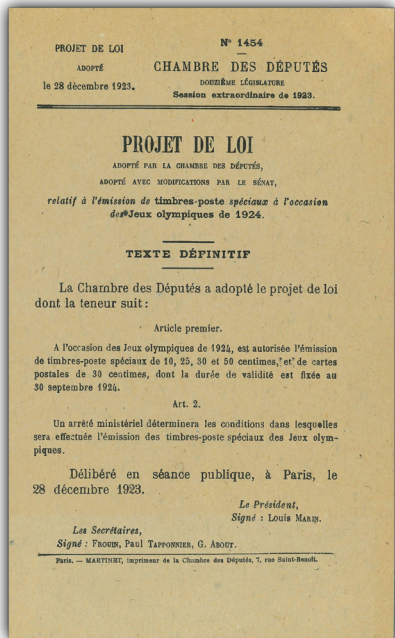

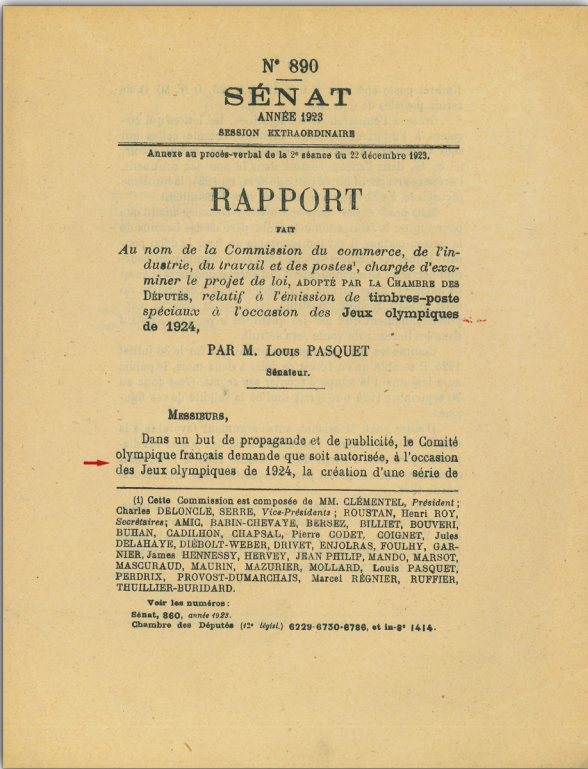

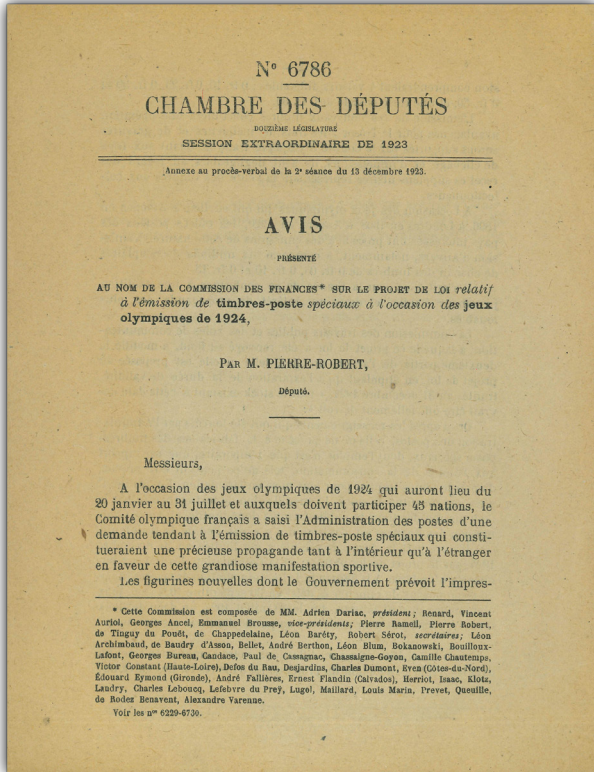

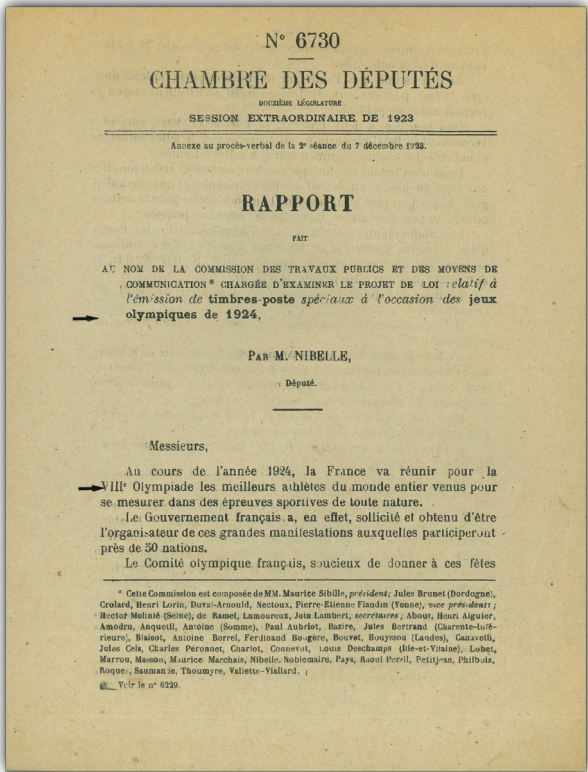

Participant's diploma: 55.5x35cm, with design by Plumereau and printing by Debar in brown, green and white, showing skier in front of mountainous scenery with awards legend showing printed signatures of the President of the International Olympic Committee, Baron Pierre de Coubertin, and the President of the French Olympic Committee, Count Justinien de Clary, with awards legend at right showing manuscript "Mr A. Schläppi de l'équipe suisse 1^{er} du Tournoi de Bobsleigh".

The lot also includes 7 real photo postcards and 3 press photos of the team, 3 newspapers/magazines from February 1924 and some modern newspaper clippings and a book. It also includes a letter from Scherrer, the captain of the bobsleigh team.

The Story: Eduard Scherrer entered a local raffle at his gymnastics club in his home village of Leysin in the early 1920s, and won a bobsleigh in the draw. He persuaded his friends Alfred Schläppi, Heinrich Schläppi and Alfred Neveu to drive down the road from Leysin to Le Sépey with him, to the amusement of the villagers. When they registered for the Swiss qualifiers for the winter sports week in Chamonix, it was more of a joke, but to their own surprise, they won and were accepted into the Swiss team. They drove to Chamonix as rank outsiders.

Nine teams from five nations entered the competition, which like today, involved four runs held over the two days. France, Great Britain, Italy and Switzerland each had two teams, with Belgium's solitary quartet completing the field. An electronic timekeeper, capable of measuring to the nearest hundredth of a second, was used at the event. Scherrer was captain of the Switzerland I bob and was accompanied by Neveu and the Schläppi brothers. They went on to set a new track record at Pêlerins and take the gold medal with an aggregate time of 5:45.54, well ahead of Great Britain II (5:48.83) and Belgium I (6:02.29). Remarkably, Chamonix 1924 would represent this team's one and only Olympic adventure. Although the Schläppi brothers would later chair the organising committee for the 1948 Winter Games in St. Moritz. (Ref: olympics.com)

Speaking to Roger Félix as part of the "Avant-première sportive" program, Alfred Schläppi, 75, talked about the Chamonix feat: "We were four gymnasts from Leysin...It was a 1650 meter track, there were 23 turns. We took 1'22" to get it down. I was 4th, brakeman, but I never needed to use the brakes. If he needed to, the captain could brake. I never needed to use them".

1'000 - 1'500

1923 Group of four parliamentary bills for the introduction of the 1924 Olympic issue ("le projet de loi relatif à l'émission de timbres-poste spéciaux à l'occasion des jeux olympiques de 1924"):

- 7th December 1923 "Chambre des Députés" 3-page report no.6730. The text mentions that Olympic stamps of limited validity were issued by Greece in 1896 and 1906 and by Belgium in 1920. That the Olympic Committee has asked the postal administration for four values; 10c, 25c, 30c and 50c as well as a 20c postcard. It goes on to explain that because of the limited validity of the stamps a new law must be authorised and their period of validity would not exceed December 31st, 1924. And to avoid objections of a budgetary nature, the Olympic Committee has undertaken to bear the costs of the essays and engraving by Mr. Becker.
- 13th December 1923 "Chambre des Députés" 3-page "Avis" no.6786. The text mentions that the issue of these stamps would be advantageous to the Treasury since the costs of design will be borne by the Olympic Committee, and the costs of printing are negligible in view of the additional revenue from selling the stamps to collectors. It mentions that for 1920 Antwerp they printed 10 million of each value. Therefore France must conform to the well established tradition of promoting the Games through the issue of stamps. It requests a change of the period of validity until 30th September 1924.
- 22nd December 1923 "Sénat" 3-page report no.890. The text confirms the proposal that the date of validity would be 30th September, after which the reserve and unsold stock would be destroyed. It then proposes that from October 1st that special stamps for the 1925 Decorative Arts exhibition will be issued.
- 28th December 1923 "Chambre des Députés" 1-page "Projet de Loi", no.1454. A notice confirming the definitive text and adoption of the project to issue postage stamps and a postcard of limited duration for the 1924 Olympic Games.

An extremely rare and important group of documents in the history of the 1924 Olympic issue.

Erhaltung.

Please note: Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning or minor stains and small mends along the edges. They are to be expected and are not always described, and are not grounds for return, nor are factors visible in the illustrations. We will gladly provide full-size scans on request.

Prrière de noter : De légères traces d'usures, défauts au rabat, de légères réductions sur un côté et des plis d'archives sont des caractéristiques normales pour des lettres du 19ème siècle. De légères améliorations au niveau de la propreté ainsi qu'un éventuel ajout de quelques renforts sont également acceptables et ne figurent pas nécessairement dans les descriptions. Ces points ainsi que tous les éléments visibles au niveau de l'illustration ne peuvent par conséquent pas être sujets à réclamation. Des scans supplémentaires d'une pièce peuvent être envoyés sur simple demande.

Bitte beachten: Leichte Eckabnutzungen, Mängel der Absenderklappe, leichte Reduktionen an einer Seite und Archivierungsbügel sind als normal für Briefe des 19. Jhdts. anzusehen, ebenso gelten als «normal» leichte Reinigung, kleine (minimale) Stockflecken oder Risschen und Bügel entlang der Briefkanten - diese sind zu erwarten, zu akzeptieren und nicht immer beschrieben (zumeist aber am photo und/oder scan ersichtlich) - diese stellen daher keine Grundlage für Retournierungen dar, ebenso wie auf den photos resp. scans klar ersichtliche Faktoren - Fotos und scans sind immer auch Teil der Beschreibung. Im Zweifel können Sie von uns VOR DER Auktion jederzeit Photokopien oder besser auflösende scans verlangen und werden wir Ihnen diese gerne zusenden bzw. mailen.

Conditions of Sale

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. The auction lots are offered

1.1. As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2. As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. Auction bids

2.1. The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

€ 50 - 100:	€ 5	€ 2'000 - 5'000:	€ 200
€ 100 - 200:	€ 10	€ 5'000 - 10'000:	€ 500
€ 200 - 500:	€ 20	€ 10'000 - 20'000:	€ 1'000
€ 500 - 1'000:	€ 50	€ 20'000 - 50'000:	€ 2'000
€ 1'000 - 2'000:	€ 100	€ 50'000 - 100'000:	€ 5'000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2. DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3. Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.

2.4. Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked «BUY» are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that

currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. The auction

3.1. Unless explicitly stated otherwise, the currency of the auction is Euros. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

3.2. Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auctioneer, it may be withdrawn from sale and the auction offer cancelled.

3.3. Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4. Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. A buyer's premium will be added to the knock-down price per lot and is payable by the buyer as part of the total purchase price. The buyer's premium is 22% of the knock-down price; cost of postage will be invoiced separately from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 7.7% of the purchase price. It is the buyer's responsibility to pay any relevant duties that may be incurred upon import to other jurisdictions; the buyer shall be responsible for all costs of purchases that are returned to DAVID FELDMAN S.A. should they refuse to pay import duty.

3.5. Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer.

Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6. Special extended payment facility: upon request **prior to the auction**, DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer must pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 4 months, paying an equal instalment at the end of each month. Interest charges of 2% of the remaining balance are debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7. Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. Guarantee

4.1. Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A.. If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extension will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2. Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently,

the marking «FALSCH» (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

4.3. Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4. Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5. Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss Francs value at the time of the auction.

6. All Transactions

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with DAVID FELDMAN S.A.

Note: If these Conditions of sale are translated into one or more other languages, the English translation shall be the official version and shall prevail over all other translations.
