Keep your collection alive

The digital solution: Museum of Philately

A modern presentation of collectors, their collections and their rarities via the latest internet technologies

Through our auctions, which have spanned over fifty years, we have presided over the dispersal of hundreds of Grand Prix and Large Gold medal collections, formed by collectors with the passion and resources to pursue their chosen fields over decades or almost entire lifetimes. To complement the best collections, we have for many years published a series of traditional deluxe hard-back publications called the Great Philatelic Collections. To bring these collections into the 21st century, we created the online Museum of Philately. The Museum allows us to host many more collections via its website and dedicated Apps (both Apple and Google), and uses modern presentation technology to showcase the collections and their collectors, in a manner not possible by print.

Consigned collections from clients owning Grand Prix or Large Gold Medal exhibits are automatically added to the museum; these clients can also request a traditional printed publication.

The Museum of Philately allows you to eternalise your collection, and not only to share your philatelic achievements with friends and family, but also the rest of the world. Please contact us to have your prized collection added to the Museum.

Introduction

Dear Collector and Client,

We are holding our traditional Autumn/Winter auction series from December 5th to 9th, at our new Geneva offices, Chemin de Pavillion 2, 1218 Le Grand Saconnex. The sale is comprised of seven different catalogues: "The Dan Walker Indian State of Bundi", "The Chalhoub Third Issue & Officials part II", "The 'Bicentenário' Collection of the Dom Pedro Issues of Brazil", 'The 'Art of Sperati' Collection', "The Hausman Collection of Worldwide stamps", "Great Britain and British Empire" and finally "Europe, France, Overseas and Collections".

This catalogue's highlights include strong sections of France and Colonies with a range of fresh collections. In the Europe section, we have attractive offerings from Italy, Italian States & Romania. The Overseas section features better sections of Chinese stamps with some important rarities, Egypt from the 1867 Second Issue through to some Farouk period material, Persia with over 150 lots, and finishing off with the fabulous Edwardo Borberg Collection of Venezuelan Maritime Mail. The final section of the catalogue is the All World and Country collections section, with nearly 400 lots of collections gathered from around the world, including a wonderful group of mint worldwide collections that have not seen the light of day in more than 40 years.

It will be our pleasure to welcome you to Geneva for viewing the lots or for attending the auction in person. Do not hesitate to ask if you need some assistance in the form of hotel reservations or other information. Should you not be able to view the lots at our Geneva offices, then please visit our website as many of the groups and collections will be scanned or partially scanned in PDF format. We continue to add scans up until the week of the auction, but please make any requests for scans or condition reports in good time.

Bidding in our auctions can be made in writing via the bid form enclosed, live via Auction Mobility on our website or app on your mobile device, by telephone or via an independent auction agent. We wish you success with your bids and satisfaction with your purchases.

We'd like to thank all our vendors for showing their trust in us to present their items and collections in the best way possible to maximize the potential of their lifetimes' work through our skills in lotting, describing, and estimating to produce a catalogue worthy of displaying their philatelic treasures in their best possible light.

Turkey - Duloz: 1865-1877 An outstanding award-winning exhibition collection neatly mounted and knowledgeably written up on 80 exhibition pages.

The collection treats the fascinating subject of the Duloz issues being second issue of the Ottoman Empire. "Dissatisfied" with the first issue as compared with "the well-executed stamps of other countries", the Ottoman Empire turned to France for its second issue of postage stamps, following Greece's decision to have its first stamps printed in Paris. This famous "Crescent & Star" emblematic design was initially ordered for production and printing in Paris. The contract was given to the Parisian printer Poitevin. At Poitevin, Pierre Edelestand Stanislas Dulos (1820-1874) prepared the first dies, engraved the first plates and gave his name to the stamps. Later issues were printed in Constantinople, first with the original dies and later with die plates made in Constantinople.

The scope of the collection includes all of the recorded Duloz issues from 1865 through to 1877. Arranged in date order it encompasses colour essays, proofs, generally, issues and postage dues, showing mint, used, multiples, cancellations, errors and varieties with an extensive array of plates flaws and re-entries, preprinting paper flaws, overprint errors including inverted, missing, double, triple, misplaced overprints and printed on the reverse, perforation errors with an extensive range of imperforates in singles and blocks, imperf. between pairs etc. Additionally a wonderful and attractive range of covers showing a fine array of usages from all the recorded issues with values to 25pi, also many usages outside of Turkey in many offices in the vast Ottoman Empire which include Bulgaria, Greece, Lebanon, Yugoslavia and Syria etc.

A truly wonderful display of these popular issues which has an excellent basis for study and expansion (975+ proofs, essays and stamps, 33 covers)

Conditions of Sale

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. The auction lots are offered

1.1. As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2. As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. Auction bids

2.1. The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

€ 50 - 100:	€ 5	€ 2'000 - 5'000:	€ 200
€ 100 - 200:	€ 10	€ 5'000 - 10'000:	€ 500
€ 200 - 500:	€ 20	€ 10'000 - 20'000:	€ 1'000
€ 500 - 1'000:	€ 50	€ 20'000 - 50'000:	€ 2'000
€ 1'000 - 2'000:	€ 100	€ 50'000 - 100'000:	€ 5'000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2. DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3. Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.

2.4. Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked «BUY» are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that

currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. The auction

3.1. Unless explicitly stated otherwise, the currency of the auction is Euros. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

3.2. Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auctioneer, it may be withdrawn from sale and the auction offer cancelled.

3.3. Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4. Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. A buyer's premium will be added to the knock-down price per lot and is payable by the buyer as part of the total purchase price. The buyer's premium is 22% of the knock-down price; cost of postage will be invoiced separately from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 7.7% of the purchase price. It is the buyer's responsibility to pay any relevant duties that may be incurred upon import to other jurisdictions; the buyer shall be responsible for all costs of purchases that are returned to DAVID FELDMAN S.A. should they refuse to pay import duty.

3.5. Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer.

Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6. Special extended payment facility: upon request **prior to the auction**, DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer must pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 4 months, paying an equal instalment at the end of each month. Interest charges of 2% of the remaining balance are debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7. Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. Guarantee

4.1. Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A.. If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extension will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2. Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently,

the marking «FALSCH» (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

4.3. Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4. Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5. Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss Francs value at the time of the auction.

6. All Transactions

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA.

Note: If these Conditions of sale are translated into one or more other languages, the English translation shall be the official version and shall prevail over all other translations.
