Keep your collection alive

The digital solution: Museum of Philately

A modern presentation of collectors, their collections and their rarities via the latest internet technologies

Through our auctions, which have spanned over fifty years, we have presided over the dispersal of hundreds of Grand Prix and Large Gold medal collections, formed by collectors with the passion and resources to pursue their chosen fields over decades or almost entire lifetimes. To complement the best collections, we have for many years published a series of traditional deluxe hard-back publications called the Great Philatelic Collections. To bring these collections into the 21st century, we created the online Museum of Philately. The Museum allows us to host many more collections via its website and dedicated Apps (both Apple and Google), and uses modern presentation technology to showcase the collections and their collectors, in a manner not possible by print.

Consigned collections from clients owning Grand Prix or Large Gold Medal exhibits are automatically added to the museum; these clients can also request a traditional printed publication.

The Museum of Philately allows you to eternalise your collection, and not only to share your philatelic achievements with friends and family, but also the rest of the world. Please contact us to have your prized collection added to the Museum.

Introduction

Dear Collector and Client,

We are holding our traditional Autumn/Winter auction series from December 5th to 9th, at our new Geneva offices, Chemin de Pavillion 2, 1218 Le Grand Saconnex. The sale is comprised of seven different catalogues: "The Dan Walker Indian State of Bundi", "The Chalhoub Third Issue & Officials part II", "The 'Bicentenário' Collection of the Dom Pedro Issues of Brazil", 'The 'Art of Sperati' Collection', "The Hausman Collection of Worldwide stamps", "Great Britain and British Empire" and finally "Europe, France, Overseas and Collections".

This catalogue's highlights include strong sections of France and Colonies with a range of fresh collections. In the Europe section, we have attractive offerings from Italy, Italian States & Romania. The Overseas section features better sections of Chinese stamps with some important rarities, Egypt from the 1867 Second Issue through to some Farouk period material, Persia with over 150 lots, and finishing off with the fabulous Edwardo Borberg Collection of Venezuelan Maritime Mail. The final section of the catalogue is the All World and Country collections section, with nearly 400 lots of collections gathered from around the world, including a wonderful group of mint worldwide collections that have not seen the light of day in more than 40 years.

1867-69, Cleaned Plates Printing, 80L carmine or rose carmine, the astonishing 69 examples on 19.12.1868 large registered envelope from Athens addressed to The Greek Minister of Foreign Affairs in Washington, comprising four singles, one strip of four and six strips of five displayed on front, and on reverse exhibiting two strips of three and five strips of five, tied by "1" dotted lozenge with Athens cds on front, transits including red Marseilles applied when it entered France, Paris cds on back and transit through New York on obverse; apparently four stamps are missing on reverse and cover edge faults as it must be expected in this large format, in no way detracting from this, **the largest franking of classic Greek philately and one of the most important items of Greece**, of striking visual impact for an exhibit of the highest calibre.

### 30157 \* \*

### Sassone 23 20'000 - 25'000

1868 3c grey rose, the extraordinary block of 16 (4x4), including four vertical and four horizontal interpanneau pairs, very fresh and outstandingly preserving its full original gum, except for a small paper adherence impinging on one stamp and a tiny part of an adjoining one, with one horizontal pair having few separated perforations between the two adhesives in lower center of the block (with three or four perforations being also opened in other place), -mentioned for accuracy only and as usually encountered in multiples in this issue when possessing gum and consequently being fragile-, natural horizontal light crease in the lower row already present before the printing of the stamp (the ink of the impression goes partly through the uneven surface) and of no significance, fingerprint spot at top left corner, as a whole being outstandingly fine. As far as we can say, the largest multiple recorded of this very difficult stamp, of which only one sheet survived, being the second most valuable single issued stamp in the Papal States and one of the charismatic stamps for its rarity in the Italian States, and in addition a key positional block; cert. Bolaffi (2008); Sassone €450'000 just for 12 stamps with interpanneau and without counting other stamps, or also €500'000 for four blocks of four but without considering the valuable interpanneaus.

Note: See the book of the philatelic exhibition held in Palazzo Braschi in Rome "I Primi Francobolli a Roma", on 9-14 May 1978 -its organising committee was formed by distinguished philatelists such as G. Bizzarri, G. Craveri, Enzo Diena or R. Mondolfo-. This item is illustrated on page 167 (before it had been separated from the complete sheet) in one of the colour plates dedicated to "Rarità di Prima Grandezza" (rarities of the first degree). This block of 16 is located in the centre of the sheet, and is the only multiple available to show the crossing of the vertical and horizontal interpanneau ("interspazi di gruppo"), this being the most prestigious and valuable location in the sheet. (To be noted the single perforation in the interpanneau space between panes, in contrast to the other few multiples known which possess double perforation).

1851, 1cr brown-carmine on greyish, horizontal strip of six, on 23 May 1857 entire letter from Pienza to Viterbo (Papal Sates), tied by cds's on dispatch and cancelled by framed "PD" at left, redirected from Viterbo to Rome, where the strikes of the elusive "Tassa/Rettificata" two-line hs (rectified tax) were applied in red, with corresponding cds of Rome on back in the same colour, together with black Viterbo cds, and charged "3" bajocchi on receipt in manuscript on part of the strip; **the only 1851 1 crazia strip of six on cover, and probably a unique combination of the rectified tax Pontifical marking on Tuscany stamps**, in an exceptional quality making it a most desirable exhibition piece, being visually striking also due to its extraordinary freshness; cert. G. Oliva (1958), signed A. Diena; (Unlisted the strip of six on cover in the Sassone catalogue).

**Note:** The distance between Pienza and Viterbo (Lazio, Papal States) was 81 kms, so the single rate to be paid should have been 4 crazie for the distance between 75 and 150 km. We can not give an explanation for the 6 crazie posatge paid, as the double rate would have been 8 crazie, but it was dispatched with this franking erroneously applied. The rectified tax handstamp on arrival may have referred to an erroneous postage applied on departure (?). A fascinating postal-history case for further research.

#### 30244 ⊠ / 68

1821 Folded entire from Smyrna, Turkey, to Venice, Austria with very rare red disinfection seal "K.K.SCHUPP CONTUMAZAMT" (SCHUPPANEK DISINFECTION CENTRE), the office being just north of Alt-Orsova on the Hungarian border (today in Romania). In 1821-1822 the normal postal route through the Wallachia was disrupted because of the national uprising to evict the predominantly Greek administration imposed by the Turkish government. This caused Austrian mail to be rerouted via the Cerna valley and the subsequent disinfection of post took place in Schuppanek (Julpalnic). This disinfection centre was open less than 1 year. Extremely rare disinfected mail of Schuppanek in modern-day Romania.

Martin Reister essays group of 21, incl. two very rare examples showing parts of the paper watermark of "LACROIX FRÈRES" or "L-J", in a range of shades and colours, a fantastic lot of these essays.

Group of the "undocumented" essays, incl. three 2 par essays with bull's head in the centre of a star on envelope corner pieces, and three with a rampant lion in the centre in a rectangular frame on gummed paper, each with embossed design in matching blue, yellow and reddish mauve, very fine and rare essays. **Note:** Although their origin remains undocumented, these essays have been considered to belong to the 1865 Prince Cuza issue for a very long time. They were mentioned in P. Murea's 1938 philatelic work "Istoricul timbrelor postale românesti 1858-1938".

1865 5 par blue on vertically laid paper in used block of four, good to very large margins, neatly cancelled by Bucharest 27/1 scroll-type double-circle ds, very fine and **exceedingly rare multiple as only one other block of four is known** (on a cover), cert. Heimbuchler (2007) which states that by comparison to contemporary strikes and the state of wear of the cancel, it indicates that this is probably a contemporary cancellation, *ex Comelia (part 2, Dec 2007)*.

1897 Red Revenue 3c crimson-red, surcharge omitted, perf. 14:14 1/2, in a rich shade and particularly well centred, mounted mint. This stamp possesses an outstanding freshness which few others achieve, one of the great rarities of China and an Asian showpiece of the highest calibre.

**Note:** In 1896 approval was granted to introduce revenue stamps. This met severe objection by the public however and revenues stocks already received from the printers were put into storage. Around the same time, the new Imperial Post office decided to introduce the services of parcels and postal remittances which required high-value stamps. The unreleased and high-quality Red Revenues were well suited for taking high value surcharges.

1968 1968 Mao's Inscription to Japanese Worker Friends 8f black and red, mint n.h., unissued, a fine example of this Cultural Revolution rarity.

**Note:** In 1962 Chairman Mao received a delegation of Japanese workers sympathetic to the Communist ideas of his China. In response to this Mao wrote an 'inscription' to Japanese workers to encourage them in their quest to bring Communism to Japan. In 1968, on the sixth anniversary of the workers visit, it was decided that this inscription would be committed to a stamp and issued throughout China. The Japanese government heard of this and strongly objected on the basis it might inspire an uprising. China complied with this and the stamp was officially withdrawn from issue.

1854 Stampless envelope (without contents) sent from Mosul with manuscript endorsement "STEAMER/ MOSUL" at lower left and "BOSTON / 18 APR / 5 cts" arrival postmark. Reverse side manuscript date "April 22nd `54". Written by the U.S missionary Dwight. W. Marsh (1823-1896) stationed in Mosul (1850 - 1860) to his sister Clarissa Dwight Marsh. The cover was carried by river steamer along the Tigris after which it was taken per dromedary service to Beirut via Damascus through the Syrian desert (postal route opened by the British in 1843 between Beirut and Bagdhad). This is the earliest recorded transatlantic mail cover from Iraq of which only two are known (the other one franked with a U.S stamp offered in the next lot).

U.S. 1851 3¢ Washington imperforate (closed vertical tear) tied by "New York Jan (20)" datestamp on 3 page entire letter from Mosul, Irag, dated Nov. 23rd 1856 to ST. LOUIS, U.S.A. Lower left with ms "STEAMER / D.W MARSH, MOSUL". The cover was taken to Baghdad per steamer along the Tigris and then carried by British dromedary service through the Syrian desert to Beirut where it was put on board a packet (postal route opened by the British in 1843 between Beirut and Bagdad). The letter travelled nearly 3 months till its final destination, St. Louis U.S. Written by the missionary Dwight Whitney Marsh who was posted at Mosul from 1850 to 1860. During his stay in Mosul, Marsh acquired two Assyrian reliefs from Nimrud for his alma mater. The reliefs were the first of their kind to arrive in the U.S. In this letter the author makes reference to the Anglo-Persian war (Nov. 1 1856 - Apr. 4 1857) "News from Persia and India is warlike but Persia will probably yield and England be saved the cost of another war - Persia ought to be humbled, she has treated England haughtily". He concludes the letter by saying "I hope slavery will not prevail tomorrow" in reference to the U.S presidential elections which took place on the 4th Nov (18th quadrennial presidential election), where Democrat James Buchanan defeated Republican nominee John C. Frémont. This amazing 1856 cover represents the earliest use of a postage stamp in Iraq and the only known cover to bear a US stamp. one of the major items of Iraq postal history.

1875, Incoming cover from Zofingen (Aargau) to Aleppo, Syria bearing Switzerland 1868 25 Rp. green "Sitzende Helvetia" issue, a fresh example with usual perforations, tied by clear despatch cds "ZOFINGEN 12.X.75". Transit postmarks TORINO (Oct 14), BRINDISI (15 Oct), Italian PO. "ALESSANDRIA D'EGITTO" (Oct 21), French P.O. "ALEXANDRIE EGYPTE" (Oct 29), "BEYROUTH SYRIE" (Nov 2) and "ALEXANDRETTE SYRIE" (Nov 5). Upon arrival the PD handstamp was crossed out and the cover was rated with ,9' décimes postage due. In October 1875 the GPU treaty was already in force in Switzerland and the majority of the European countries, while France did not join until January 1st, 1876. The 25 Rp. franking and the PD handstamp had therefore been applied erroneously, thinking that the GPU rate was also valid to the French P.O. in Alexandretta. However at that point in time, the bilateral contracts were still in force with 90 centimes for an unpaid letter to a French P.O. in the Levant. The last part of the journey from the French office in Alexandretta to Aleppo was most likely done by courier. **Only five covers franked with this issue are known sent to Syria, with a postage due handstamp it is unique.**

Right hand side of the envelope roughly opened. Backstamps include "Marseille 22 Fevr. 62" and Turkish arrival 2 Mars 62. **Only two covers franked with classic imperforate stamps of Switzerland are known sent to Syria and this franking is unique**; cert. # **Conditions of Sale**

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

#### 1. The auction lots are offered

1.1. As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

**1.2.** As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

### 2. Auction bids

**2.1.** The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

| € 50 - 100:      | €5    | € 2'000 - 5'000:    | €200    |
|------------------|-------|---------------------|---------|
| € 100 - 200:     | € 10  | € 5'000 - 10'000:   | € 500   |
| € 200 - 500:     | €20   | € 10'000 - 20'000:  | € 1'000 |
| € 500 - 1'000:   | € 50  | € 20'000 - 50'000:  | €2'000  |
| € 1'000 - 2'000: | € 100 | € 50'000 - 100'000: | € 5'000 |

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

**2.2.** DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

**2.3.** Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.

2.4. Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked «BUY» are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that

currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

### 3. The auction

**3.1.** Unless explicitly stated otherwise, the currency of the auction is Euros. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

**3.2.** Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/ or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auctioneer, it maybe withdrawn from sale and the auction offer cancelled.

**3.3.** Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

**3.4.** Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. A buyer's premium will be added to the knock-down price per lot and is payable by the buyer as part of the total purchase price. The buyer's premium is 22% of the knock-down price; cost of postage will be invoiced separately from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 7.7% of the purchase price. It is the buyer's responsibility to pay any relevant duties that may be incurred upon import to other jurisdictions; the buyer shall be responsible for all costs of purchases that are returned to DAVID FELDMAN S.A. should they refuse to pay import duty.

**3.5.** Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer.

Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

**3.6.** Special extended payment facility: upon request **prior to the auction**, DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer must pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 4 months, paying an equal instalment at the end of each month. Interest charges of 2% of the remaining balance are debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

**3.7.** Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having moreover given them up.

# 4. Guarantee

4.1. Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A., If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extention will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

**4.2.** Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently,

the marking «FALSCH» (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

**4.3.** Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

**4.4.** Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

**4.5.** Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

### 5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss Francs value at the time of the auction.

### 6. All Transactions

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA.

**Note:** If these Conditions of sale are translated into one or more other languages, the English translation shall be the official version and shall prevail over all other translations.
