Irish National Stamp Exhibition  
Dublin, December 6-9, 1972

50th Anniversary of Irish Stamps 1922-1972

1. November 1st - "CHRISTMAS", to tie in with the first day of issue of the special Irish Christmas Postage Stamps (3½p and 12p values).
2. November 2nd - "RAILWAYS", a popular thematic collector's subject. The postmark will depict a front view of the "Slieve Gullion" steam engine, formerly used on the Dublin to Belfast line, and which often pulled the travelling post office on that line. The engine is at present the property of the Northern Ireland Railway Preservation Society.
3. November 3rd - "AERO PHILATELY". The design shows the Vickers Vimy used by Alcock and Browne on their famous trans-atlantic flight from Newfoundland to Clifden in Galway.
4. November 4th - "POSTAL HISTORY". This postmark shows the famous "Mermaid" 'paid' stamp. The illustration has been slightly amended due to the fact that it is incorporated in a postmark rather than a pre-paid stamp.
