All stamps until 1907 were imperf. The usual form of cancellation consisted of cutting or tearing a portion of the stamp, and used specimens are therefore found in apparently damaged conditions. Up to 1891.

Ho esaminato i cinque francobolli di posta aerea ed i due aereo-espressi delle Isole Italiane dell'Egeo, 1932, "Cinquantenario Garibaldino": 50 cent., 80 cent., 1, 2 e 5 Lire; Lire 2.25+1 e Lire 4.50+1.50 (Cat.Sassone, Nn. 14/20), nuovi con gomma, di cui è qui unita una riproduzione fotografica. A mio parere, i sette esemplari sono originali, hanno gomma integra originale e sono perfetti: li ho siglati "RD". * * * * *
