Landvættir Íslands

Fjólkunnugur sendimaður Haralds konungs Gormssonar tók hamskiptum og hélt til Íslands í hvalsíki. Á ferð sinni umhverfis landið urðu fyrir honum fjórar ógurlegar landvættir, ein í hverjum landsfjórðungi.

LEIFUR EIRIKSSON - UM 1000 EUROPA

Hér er allt fólkid svo fallegt og nett.  
Fimm eru á bænum, ef talið er rétt.  
Ósköp væri gaman í þessum heim,  
ef öllum kæmi saman eins vel og þeim.
