“S” OVER “E” VARIETY

Dec. 1922 - Jan. 1923 1d. Overprint

One of the basic stereotypes used for Setting 2 showed “S” over “E” line shift. Initially two of them were incorporated (as 4 x 3 units) to compose the overprint plate. In the earlier printings the variety appears twice in the sheet, in upper pane positions R7/10 and R10/10.
