

REPUBLICAN REGUMMED STAMPS

Republican regummed stamps taken from Wexford Post Office, which was raided on the 6th January 1923. The stolen stamps were water damaged and subsequently regummed for illegal use, by the Rebel Forces. The gum is thickly applied and the surface is glazed by gum. The back of the stamps display an illegible design, stamped in pinkish red.

HARRISON STAMPS USED FOR ROLLS - UNLISTED OVERPRINT VARIETIES & FLAWS

Extract below from an article "A Review of the Harrison Rolls for use in Ireland, 1922 - 1925.

written by W. Fletcher, September 1996

Stamps in this sub-section are from W. Fletcher's collection, auctioned by Grosvenor in May 2008.

The stamp references appended in the right hand column are taken from the "Reference Compendium", by Barry Cousins.

Numerous minor type flaws are recognised. These are mostly likely flaws on the individual clichés of the printing plate, as distinct from stereo flaws. They are not common; if they were stereo flaws there would be found one in every thirty stamps (as the 'Long 1' variety) but as plate flaws they are on in every sheet of 240. Reasonably prominent flaws to be found are -

- a] Wavy line above 'RS' of Saorstat.
- b] Large break in '9' of date at bottom of loop.
- c] Curved line over 'S' of Saorstat and void in base of first '2' of date.
- d] Large void in accent over 'a' of Saorstat and void in bottom of '1' of date.
- e] Curl to right of top serif of second 's' of Saorstat.
- f] Broken line above first 't' of Saorstat and crescent 3mm above 'a' of Saorstat.
- g] Crescent below second 's' of Saorstat and line under 'a' of Eireann.
- h] Break at top of 'E' of Eireann and void in accent.
- i] Dot over accent over 'E' of Eireann (on long '1' stamp).
