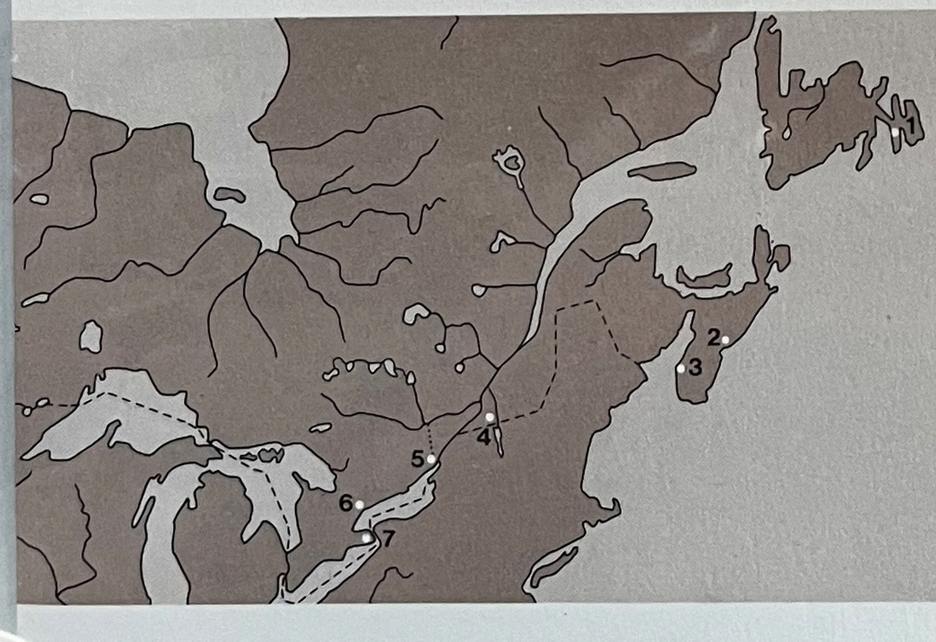
Forts across Canada

Forts à travers le Canada



Toronto's harbour front once bordered the fort's ramparts and demi-lune battery

Le port de Toronto se situait autrefois près des remparts et de la batterie en demi-lune du fort.

The demi-bastioned central redoubt was girdled by an epaulement enclosing the heights.

La redoute centrale en demi-bastion était ceinturée d'un épaulement près des collines.

The present fort built near Lethbridge is a replica of the original trading post.

Ce fort, bâti près de Lethbridge, est une réplique du poste de traite.

The wet ditch of this island fort circles the ramparts with a formidable obstacle to cross.

Le fossé inondé entourant ce fort était un obstacle redoutable à franchir.

The barbette battery's coastal guns defended the entrance to Halifax harbour.

Les canons de côte de la batterie à barbette défendaient l'entrée du port d'Halifax.

The keep of the fort is a martello tower armed with coastal artillery.

Le réduit du fort est une tour Martello armée d'artillerie côtière.

HOW TO ADDRESS YOUR GREET MORE ENVELOPE

IT'S EASY, WHEN YOU FOLLOW THESE 3 STEPS:

1. Write the address on the envelope as you normally would, and include your return address. Place your return address on the back of the envelope if space requires it. Include postal codes in both addresses.
2. Using a black pencil or a blue/black ballpoint pen, make a heavy straight up and down mark in the appropriate boxes on the Matrix. You will make six marks in total. Please keep the marks *within* the boxes. Starting on the top line of the 3 lines of the Matrix, mark the letter and number corresponding to the first letter and first number of the postal code of the person you are writing to. On the middle line, mark second letter and second number of the postal code, and on the bottom line, mark the third letter and the third number of the postal code.
3. Affix the special Greet More postage stamp in the upper right hand corner of the envelope where normally you would affix postage.

   EXAMPLE: The example illustrates the postal code N6B 2H3 and shows in the top row that the boxes N and 6 are marked in. In the middle row, the boxes B and 2 are marked and in the bottom row, the boxes H and 3 are marked.
