

BRITISH COLUMBIA

The 30¢ values BC33, BC38.

Dr. Pearce, who knows plenty about B.C. Laws, took me to task for undervaluing the 30¢ values. According to him, this was always a limited issue in any set it appeared and was used on obscure documents that were invariably destroyed soon after use. In his opinion used single copies rate at least \$10.00. Unused copies much higher. As for MINT with full gum, well, most of the time it was just an idle dream to imagine owning one.

I purchased Dr. Pearce's law collection and therein was a full sheet of BC33. At the top of the page was the handwritten note

ONLY KNOWN MINT SHEET

But one must allow for the unexpected: a lawyer's estate turned up a sheet of not only BC33, but also BC38. I offer both at \$600.00.
